Otherwise, please contact our office in advance of your appointment to be told the exact amount you will need to pay at the time of your first visit. We will bill your insurance and, if they pay for your services, we will apply your initial payment towards your account.

Please read and complete all forms!

➔ You will need to bring in:

2. Ask for the **"Insurance Claim Mailing Address"** to submit your mental health claims.

You may also bring this information into the office before your appointment and we will gladly copy your insurance card(s) for you and help you complete the packet. You may also e-mail your completed packet to **DWSMD@mysecurechart.com.**

OFFICE POLICIES

APPOINTMENTS

Patients are seen only by appointment. Before you first visit, please complete all of the forms which have been sent to you and be sure to bring them with you to your first appointment.

You will not be seen in our office unless all forms are filled out prior to your visit.

This will allow the office staff and the providers to serve you in the most time efficient manner possible. If this information cannot be completed prior to your appointment, please arrive one hour early in order to complete the forms. If they are already complete, **please arrive 30 minutes before your first appointment** so that the staff can prepare your chart.

Upon arrival at the office for any appointment, always check in with the receptionist so that the providers can be informed that you arrived.

PRESCRIPTION REFILL POLICY

During your appointment, your provider will write a prescription with the number of refills he/she feels is needed and safe. With your last refill, ensure you have an appointment with your provider for a medication refill at least two weeks before your medication runs out. At the time of your appointment, your provider will review your medications and write for appropriate refills. Medication refills will not be authorized over the phone or by fax.

Please remind your provider if you require a 90 day prescription and clarify the pharmacy we have on record is correct.
Patients are asked to respect the privacy and time concerns of patients who have appointments. In consideration of both patients and providers, patients are reminded not to walk in to the clinic to request a prescription refill. Certain controlled substances may require a monthly appointment.

CANCELLATIONS / MISSED APPOINTMENTS:

When you schedule an appointment, that time is reserved specifically for you. Appointment reminder sheets are printed on your check-out sheet whenever subsequent appointments are scheduled at the office. **It is the patient's responsibility to remember and keep scheduled appointments.** A minimum of 24 hours notice is required for canceling or re-scheduling an appointment.

You will be charged **$100** for missed appointments and appointments which are canceled with less than 24 hours notice.

DISCHARGE:
Three consecutive no shows or three consecutive cancelations will trigger an automatic discharge from our practice unless indicated otherwise by your provider.

FINANCIAL RESPONSIBLITY:

- Co-pays or deductibles are due at time of service.
- A minimum of $20.00 will be collected on all services with a deductible or where a deductible applies. Applicable adjustments will be made once your insurance carrier has paid for services rendered.
- Cash discounts are given only at the time of the appointment when ***paid in full*** at check-in.
- Missed Appointment / Late Cancellation Fees $100.00

PAYMENT:
Co-pays and Deductibles are collected prior to your appointment when you check-in. **If you have no insurance, payment in full is required and must be paid prior to your appointment at the time of check-in.**
Many insurance plans require prior authorization for mental health services. It is the patient's responsibility to obtain the authorization for the first visit. We are happy to bill your Insurance with the information you provide us, however, payment by your insurance company is not guaranteed. If your claim is denied or there is lack of authorization, you are responsible for the billed amount.

CONFIDENTIALITY AND RELEASE OF INFORMATION
Information disclosed within sessions and the written records pertaining to those sessions are confidential and will not be released to anyone without the written consent of the patient or the parent/guardian, in the case of minors and/or dependent adults, except where DW Sievert, M.D., Inc. is mandated by California law to report otherwise confidential information. Circumstances which are required by law to be reported are:

1. Patients who pose an imminent threat of danger to themselves or others.
2. Instances of suspected abuse or neglect of a child (physical, sexual and/or emotional abuse).
3. Instances of suspected abuse or neglect of a dependent adult.

Disclosure may also be required pursuant to a legal proceeding. If you place your mental status at issue in litigation initiated by you, the defendant may have the right to obtain the psychotherapy records and/or testimony from DW Sievert, M.D., Inc. In couple and family therapy, or when different family members are seen individually, confidentiality and privilege do not apply between the couple or among family members. Providers will use their clinical judgment when revealing such information.

Disclosure of confidential information may be required by your health insurance or workman's compensation carrier, or HMO/PPO/MCO/EAP in order to process your claims. Only the minimum necessary information will be communicated to the carrier. Providers have no knowledge or control over what insurance companies do with the information submitted and assumes no responsibility for any actions which result from a third party misusing or re-releasing such information without his expressed consent.

As a patient, you have the right to review or receive a summary of your records at any time (with notice of 10 or more working days), except in limited legal or emergency circumstances or when DW Sievert, M.D., Inc. assesses that releasing such information might be harmful in any way. In such circumstances DW Sievert, M.D., Inc. may provide the records to a qualified mental health professional of your choice and that individual may then choose to review the information with you if it is deemed clinically appropriate. You will be charged an appropriate fee for any preparation time which is required to comply with an information request.

All other requests to release information regarding your treatment and your condition must be authorized in writing specifically allowing the release of psychiatric records. DW Sievert, M.D., Inc. will provide you with a Release of Information form or you may choose to place your request in writing. There will be no charge for releasing records to other treating medical or mental health professionals. For all other requests to copy records, there will be a minimum charge of $25.00 to cover the expenses of photocopying, postage and handling.

7. I understand that I will receive a statement if I have an outstanding balance on my account, and I am to pay any portion that is my responsibility within 15 days of receipt of a statement. A finance charge of 1% per month may be added to my account if payment is overdue.

8. I understand that there will be a $35.00 service fee for any checks returned by my bank due to nonsufficient funds, closed accounts, etc. I agree to accept full responsibility for such fees. The amount of the returned check, plus the service fee, must be paid within 10 days of written notice.

HIPAA Information and Consent Form

The Health Insurance Portability and Accountability Act (HIPAA) provide safeguards to protect your privacy. Implementation of HIPAA requirements officially began on April 14, 2003. Many of the policies have been *our* practice for years. This is a read "friendly" version. A complete text is posted in the office.

What this is all about: Specifically, there are rules and restrictions on who may see or be notified of your Protected Health information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPAA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information is available from the U.S. Department of Health and Human Services. www.hhs.gov

We have adopted the following policies:

1. Patient information will be kept confidential except as is necessary to provide services or to ensure that all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other healthcare providers, laboratories, health insurance payers as is necessary and appropriate for your care. Patient files may be stored in open file racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available to persons other than office staff. You agree to the normal procedures utilized within the office for the handling of charts, patient records, PHI and other documents or information.
2. It is the policy of this office to remind patients of their appointments. We may do this by telephone, e-mail, U.S. mail, or by any means convenient for the practice and/or as requested by you. We may send you other communications informing you of changes to office policy and new technology that you might find valuable or informative.
3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to PHI but must agree to abide by the confidentiality rules of HIPAA.
4. You understand and agree to inspections of the office and review of documents which may include PHI by government agencies or insurance payers in normal performance of their duties.
5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manager or the doctor.
6. Your confidential information will not be used for the purposes of marketing or advertising of products, goods or services.
7. We agree to provide patients with access to their records in accordance with state and federal laws.
8. We may change, add, delete or modify any of these provisions to better serve the needs of both the practice and the patient.
9. You have the right to request restrictions in the use of your protected health information and to request change in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.

I hereby consent and acknowledge my agreement to the terms set forth in the HIPAA INFORMATION FORM and any subsequent changes in office policy. I understand that this consent shall remain in force from this time forward.

Contract for Controlled Substances Prescriptions

Controlled substance medications (i.e., benzodiazepines, Suboxone, and stimulants) are very useful, but have potential for misuse; therefore, they are controlled by local, state and federal government. They are intended to improve function and/ or ability to work, not simply to feel good. Because my provider is prescribing such medications for me to help manage my condition, I agree to the following conditions:

1. **I am responsible for my controlled substance medications.** If the prescription of medications is lost, misplaced, or stolen, or if I use it up sooner than prescribed, I understand that it will not be replaced. **(PATIENT INITIAL _____)**
2. **I will not request or accept controlled substance medication from any other physician or individual while I am receiving such medication from Dwight W. Sievert, M.D., INC.** Besides being illegal to do so, it may endanger my health. The only exception is if it is prescribed while I am admitted to a hospital.
   (PATIENT INITIAL _____)
3. **Refills of controlled substance medication:**
   A. **Will not be made if "I run out early."** I am responsible for tracking the medication in the dose prescribed and for keeping track of the amount of remaining.
   B. **Will not be made as an "emergency."** Such as Thursday afternoon because I suddenly realize that I will run out tomorrow and the office will be closed (weekends/holidays) I will call **at least seventy-two(72) hours** in advance if I need assistance with a controlled medication prescription.
   C. **No controlled medications** will be ordered when the office is closed. **(PATIENT INITIAL _____)**
4. **I understand the importance of following my treatment plan as directed by my physician/provider and agree:**
